

**God's Expectations of Children. / Ephesians 6:1-4**  
(Sermon questions for life groups from the sermon on March 10, 2024)

**Ice Breaker:** Was there a memorable lesson you learned from your parents as a kid?

*Read Ephesians 6:1-4 together / Pray and ask God for the Spirit's wisdom and understanding.*

**Big Idea:** God's righteous design for the family leads to blessing when followed.

1. What do parents have that children do not have by way of experience?
2. How is God's design seen in children obeying their parents?
3. Why do children need the voice of their parents in their life?
4. Why do children need Jesus and not just their parent's instruction?
5. How is the blessing understood that follows obeying parents?
6. What can dad's sometimes do that exasperates their children, and why does God address this through Paul?
7. Why do you think the father's role in the family is so powerful?

Living it Out:

1. Are there younger parents that you can pray for and encourage?
2. Are there certain things you can be praying for regarding your kids?
3. Parents and children need to deepen their relationship with the Heavenly Father through Jesus Christ.
4. Dad's, be involved spiritually with your kids for Christ.
